The 43rd Annual IES Illumination Awards
Program

Welcome
With Brienne Willcock, Annual Conference Chairwoman, Shirley Coyle, IES President, Tim Licitra, EVP IES

Dinner

Presentation of the 2016 IES Louis B. Marks Award to William Brown

Presentation of the 2016 IES Medal Award to Peter Ngai

Howard Brandston Student Lighting Design Education Grant
2016 Grant Recipients to
Hanan Al Hashimi and Selma Benmakhfoul
2015 Honorable Mention to Justin Moeisch, Michael Kuhlenengel, Nicholas Garaycochea

Presentation of the 2016 IES Fellows Award to
Lorne Whitehead and Daniel Blitzer

Presentation of the 2016 Illumination Awards
Megan Carroll, Chairwoman, Illumination Awards Committee
Jana Owens, Craig Fox, Illumination Awards Committee Members

Awards of Citation, Excellence and Distinction

The 43rd Annual IES Illumination Awards October 23, 2016
The 43rd Annual IES Illumination Awards is made possible tonight by the generous support of Eaton as our Platinum Sponsor
IES Louis B. Marks Award
The IES Louis B. Marks award is named in honor of the first President of the IES. It is presented to a member of the Society in recognition of exceptional service to the Society of a non-technical nature.

William Brown

Medal Award
The IES Medal is awarded with the purpose of giving recognition to meritorious technical achievement that has conspicuously furthered the profession, art or knowledge of illuminating engineering. Accomplishments shall be in the field of engineering, design, applied illumination, optics, ophthalmology, lighting, research or education.

Peter Ngai

Fellow Award
The IES Fellow designation shall be awarded to a Member of the Society for valuable contribution to the technical activities of the Society, to the art or science of illumination, or to the related scientific or engineering fields.

Lorne Whitehead Daniel Blitzer

Howard Brandston Student Lighting Design Education Grant
The Howard Brandston Student Lighting Design Education Grant was established in 1988 to encourage and recognize students who have evidenced professional promise through presentation of an original and ingenious solution to a supplied lighting design problem.

Al Hashimi Selma Benmakhlouf

Justin Moench Michael Kuhlenengle

Nicholas Garaycochea

THE AWARDS
The IES Illumination Awards program recognizes individuals for professionalism, ingenuity and originality in lighting design based on the individual merit of each entry. Judges are selected from a broad professional spectrum representing knowledge of lighting and design excellence. The judging system is entirely based on how well the lighting design meets the program criteria. The Illumination Awards program is not a competition. 2016 marks the 43rd anniversary of the IES lighting awards program.

The IES Illumination Awards are comprised of four parallel program categories:

The Edwin F. Guth Memorial Award for Interior Lighting Design
This award recognizes exceptional interior lighting projects that balance the functional illumination of space with the artistic application of light to enhance the occupant’s experience.

The Energy and Environmental Lighting Design Award
Sponsored by OSRAM SYLVANIA
The Energy and Environmental Lighting Design Award recognizes quality lighting installations in commercial and industrial buildings that incorporate advanced energy-saving strategies and environmentally responsible solutions into the overall design.

The Lighting Control Innovation Award
Sponsored by the Lighting Controls Association
This prestigious award recognizes lighting projects that exemplify the effective use of lighting controls in nonresidential applications.

The Outdoor Lighting Design Award
Sponsored by Eaton
This award recognizes excellence in lighting design and application in all aspects of exterior lighting. The program celebrates achievements in aesthetics, applied technical acumen, creative solutions to demanding site conditions and advancements to the industry in outdoor lighting applications. The goal of the program is to further the understanding, knowledge and function of outdoor lighting as a critical aspect of the built environment.

Award Levels

Section Award
Awarded at the local section level to recognize commendable achievement in lighting design.

Final Awards
Awarded at the final level of judging and includes the following designations:

- Award of Excellence - Awarded for an exceptional contribution to the art and science of lighting design.
- Special Citation - Awarded for superior elements of an outstanding lighting design, or in some instances, the use of lighting as an art form.
- Award of Distinction – Awarded for extraordinary achievement in lighting design.

Award of Merit
Awarded to recognize meritorious contribution to lighting design. Projects receiving sufficient scores continue on to be judged at the final level.

All projects receive levels of recognition attained by consensus judge scores.
